

Human rights rhetoric operates as a geopolitical weapon rather than a moral compass.

THE FACADE

Western proclamations of democracy, freedom, and humanitarianism.

THE REALITY

A deliberate smokescreen designed to justify intervention, obscure strategic interests, and delegitimize sovereign opposition.

The “Wrong Address” strategy systematically accuses the victim to mask hegemonic objectives.

THE TACTIC

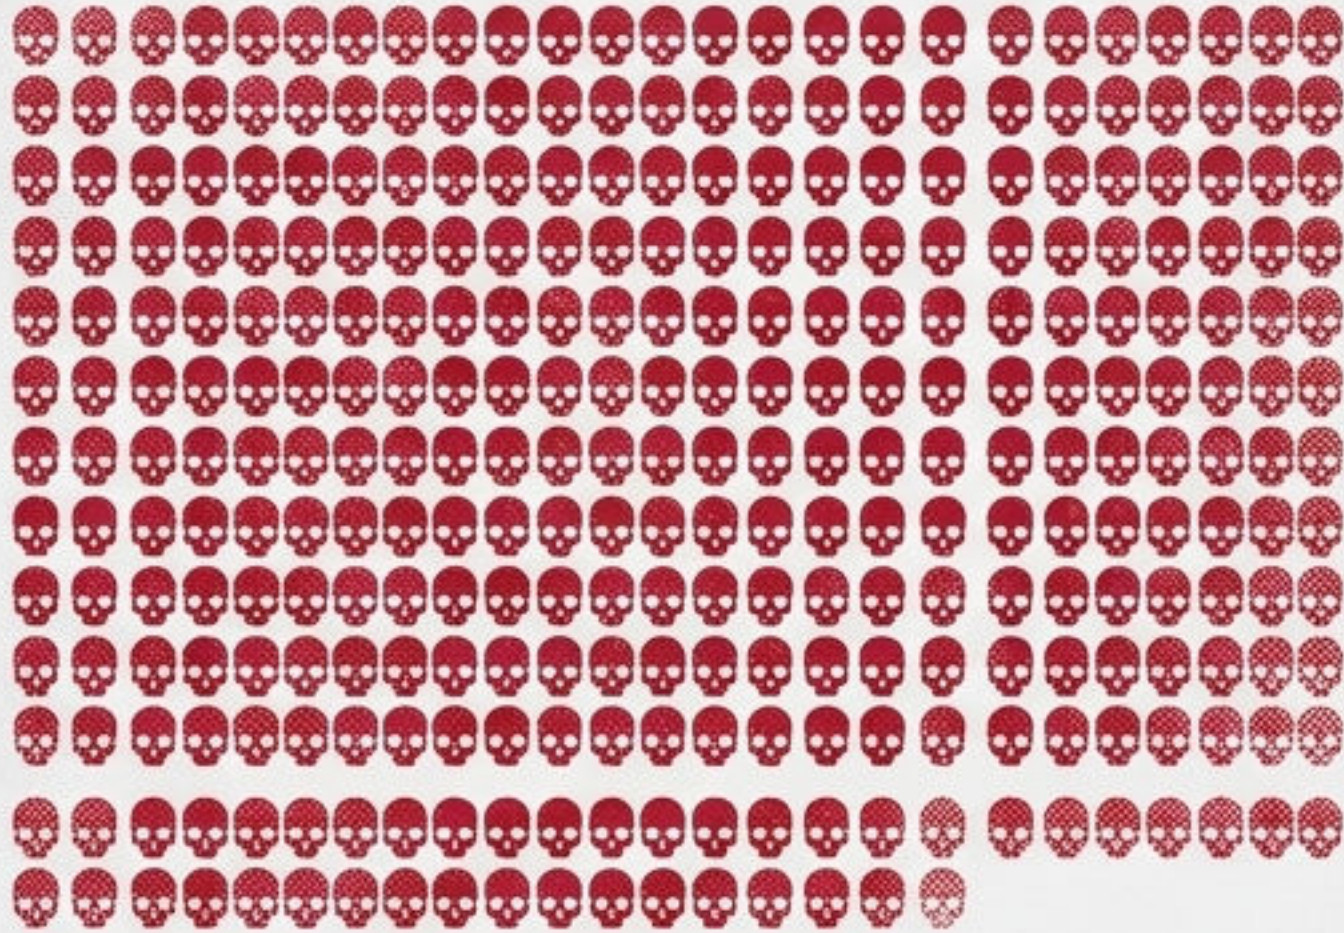

For years, the West has fed audiences the ‘wrong address’ by manufacturing narratives of corruption, discrimination, and human rights violations in Iran.

THE OBJECTIVE

Feigning sympathy for internal criminals while painting a corrupt image of Iran to justify overt political and hegemonic domination.

COMMERCIAL INTERESTS ECLIPSE THE RIGHT TO LIFE IN WESTERN PUBLIC HEALTH POLICY

3 MILLION ANNUAL DEATHS

According to the WHO, 3 million people die annually due to alcohol consumption.

THE IRANIAN APPROACH

Absolute opposition to the production and promotion of alcohol and narcotics. This represents the safeguarding of citizen rights and human health at the highest possible level.

THE WESTERN APPROACH

Absolute silence and a refusal to halt the production of these deadly substances. **INDUSTRY PROFIT** and **COMMERCIAL INTERESTS** take precedence over millions of human lives.

A CENTURY OF GLOBAL WARMONGERING HAS BEEN EXECUTED UNDER THE BANNER OF PEACE

THE HISTORICAL RECORD

Over a century of sustained military assaults and interventions spanning dozens of sovereign nations.

THE METHOD

Widespread destruction is consistently preceded by media campaigns that systematically dehumanize the target populations.

The West sheds crocodile tears for Iran
while supplying the bombs for Gaza.

MANUFACTURED OUTRAGE

The West claims deep concern over Iran's internal affairs, weaponizing human rights to justify heavy sanctions under false pretenses.

THE MATERIAL REALITY

100,000 casualties in Gaza
over two years.

These overt acts of genocide are committed with the **direct logistical and political** support of the US and European governments.

Proxy terror networks are engineered to destroy regional infrastructure and taint the image of Islam.

PHASE 2: DESTRUCTION

Operating under the guise of "fighting ISIS," Western forces systematically dismantled the civilian and state infrastructures of Syria and Iraq.

PHASE 1: CREATION

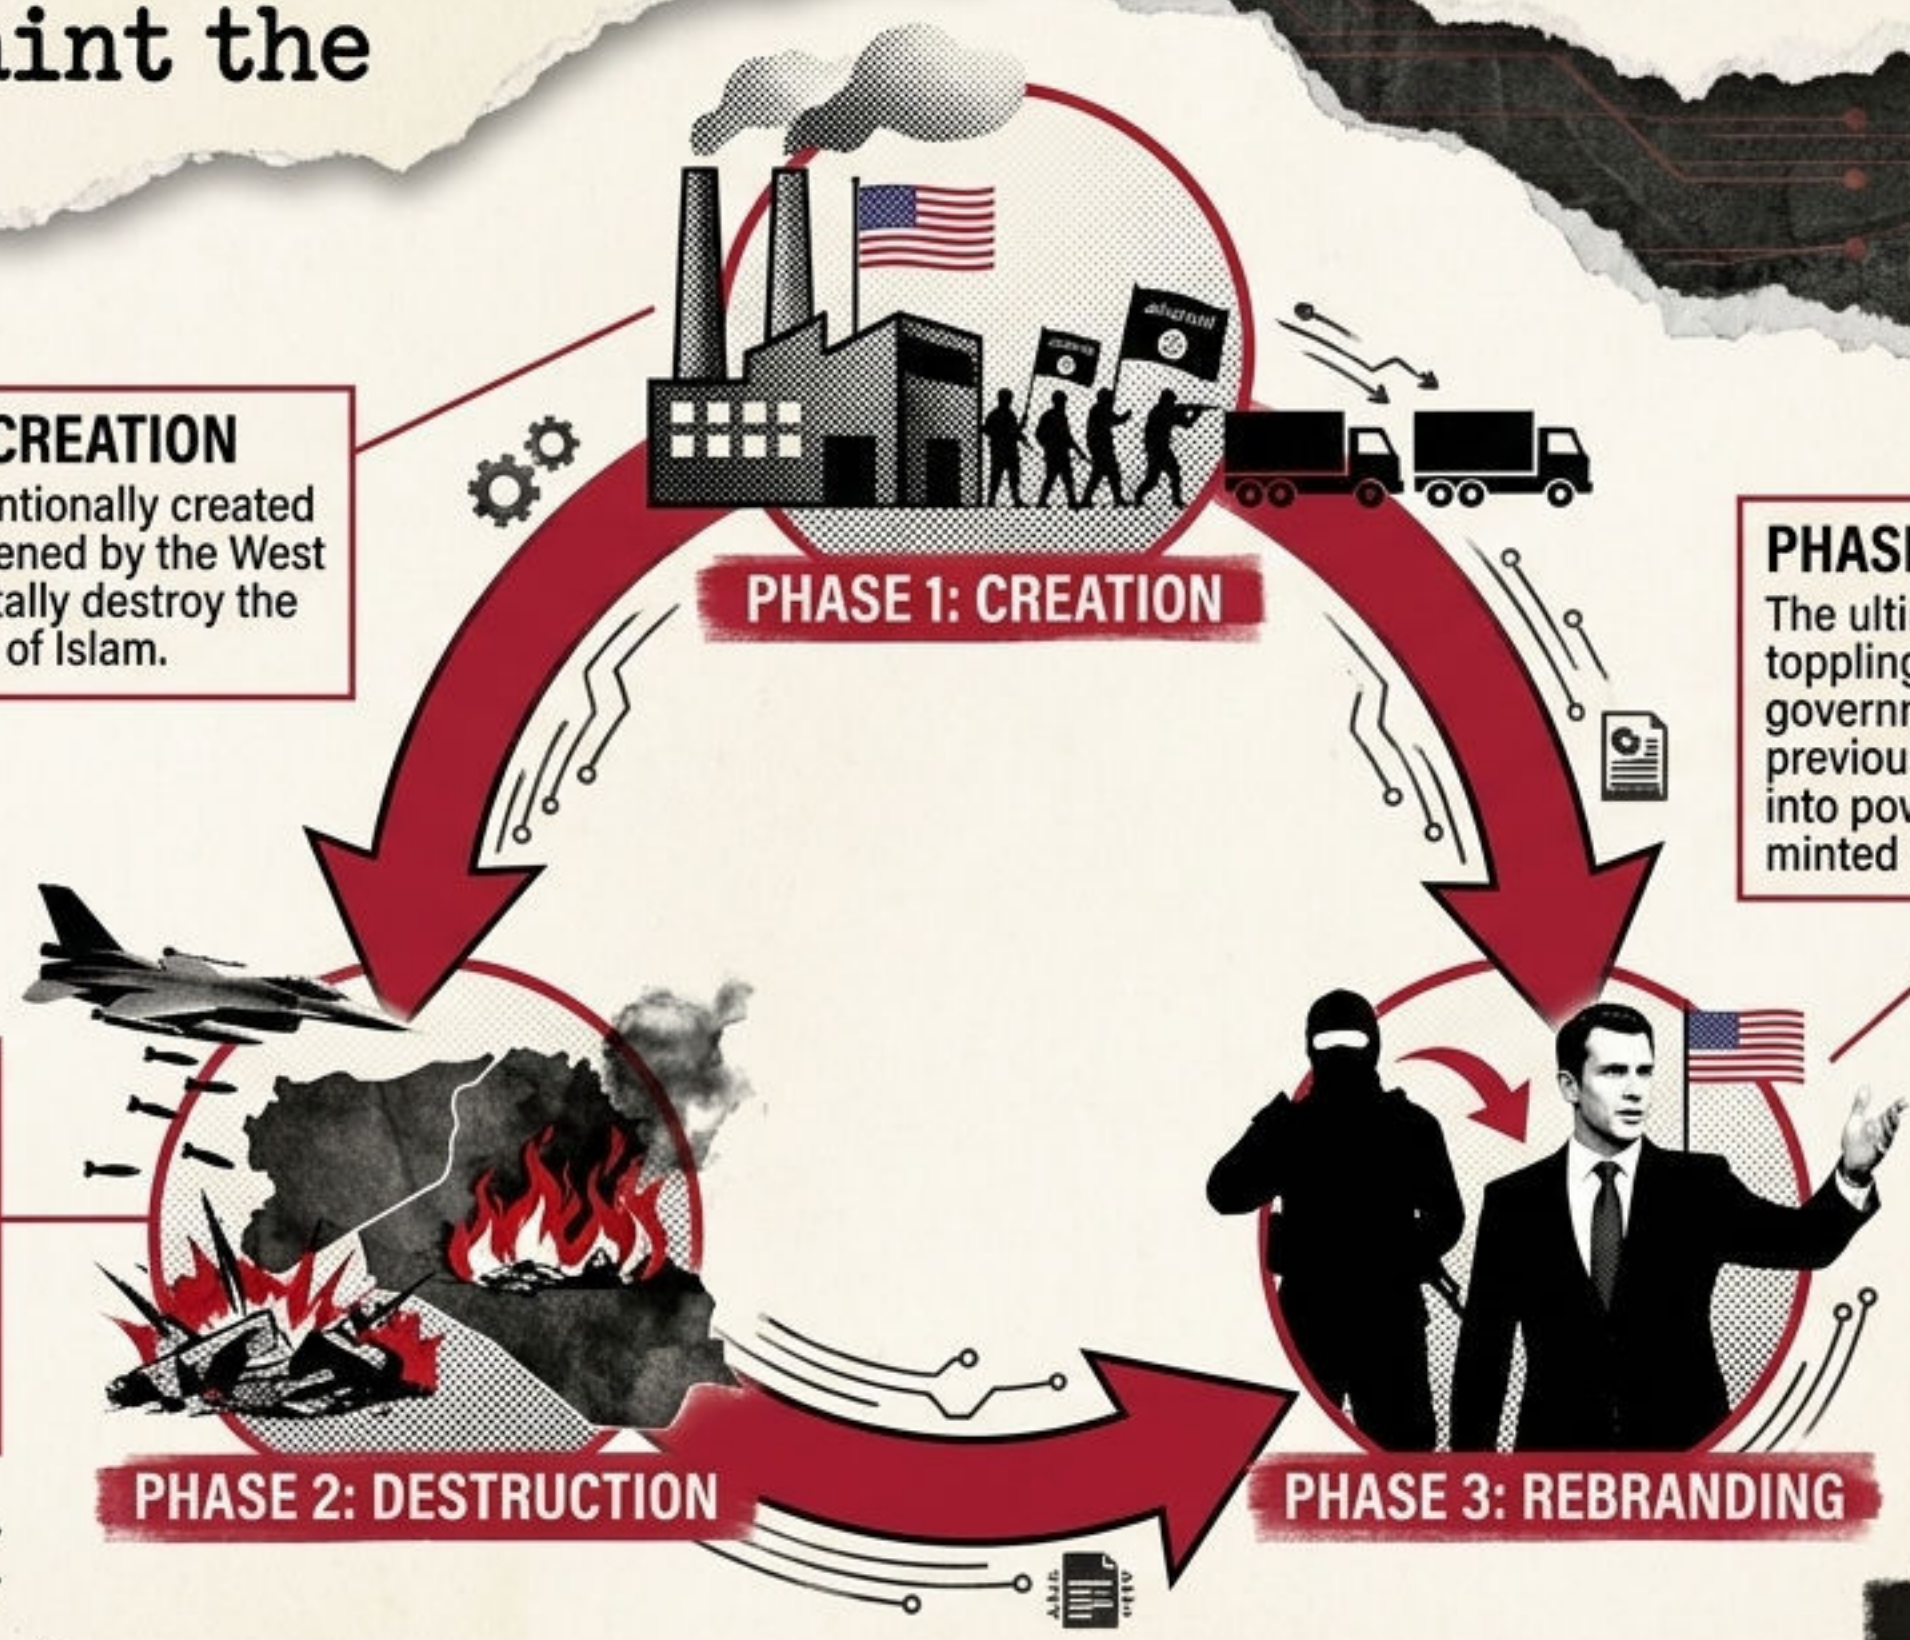

ISIS was intentionally created and strengthened by the West to fundamentally destroy the global image of Islam.

PHASE 1: CREATION

PHASE 3: REBRANDING

PHASE 3: REBRANDING

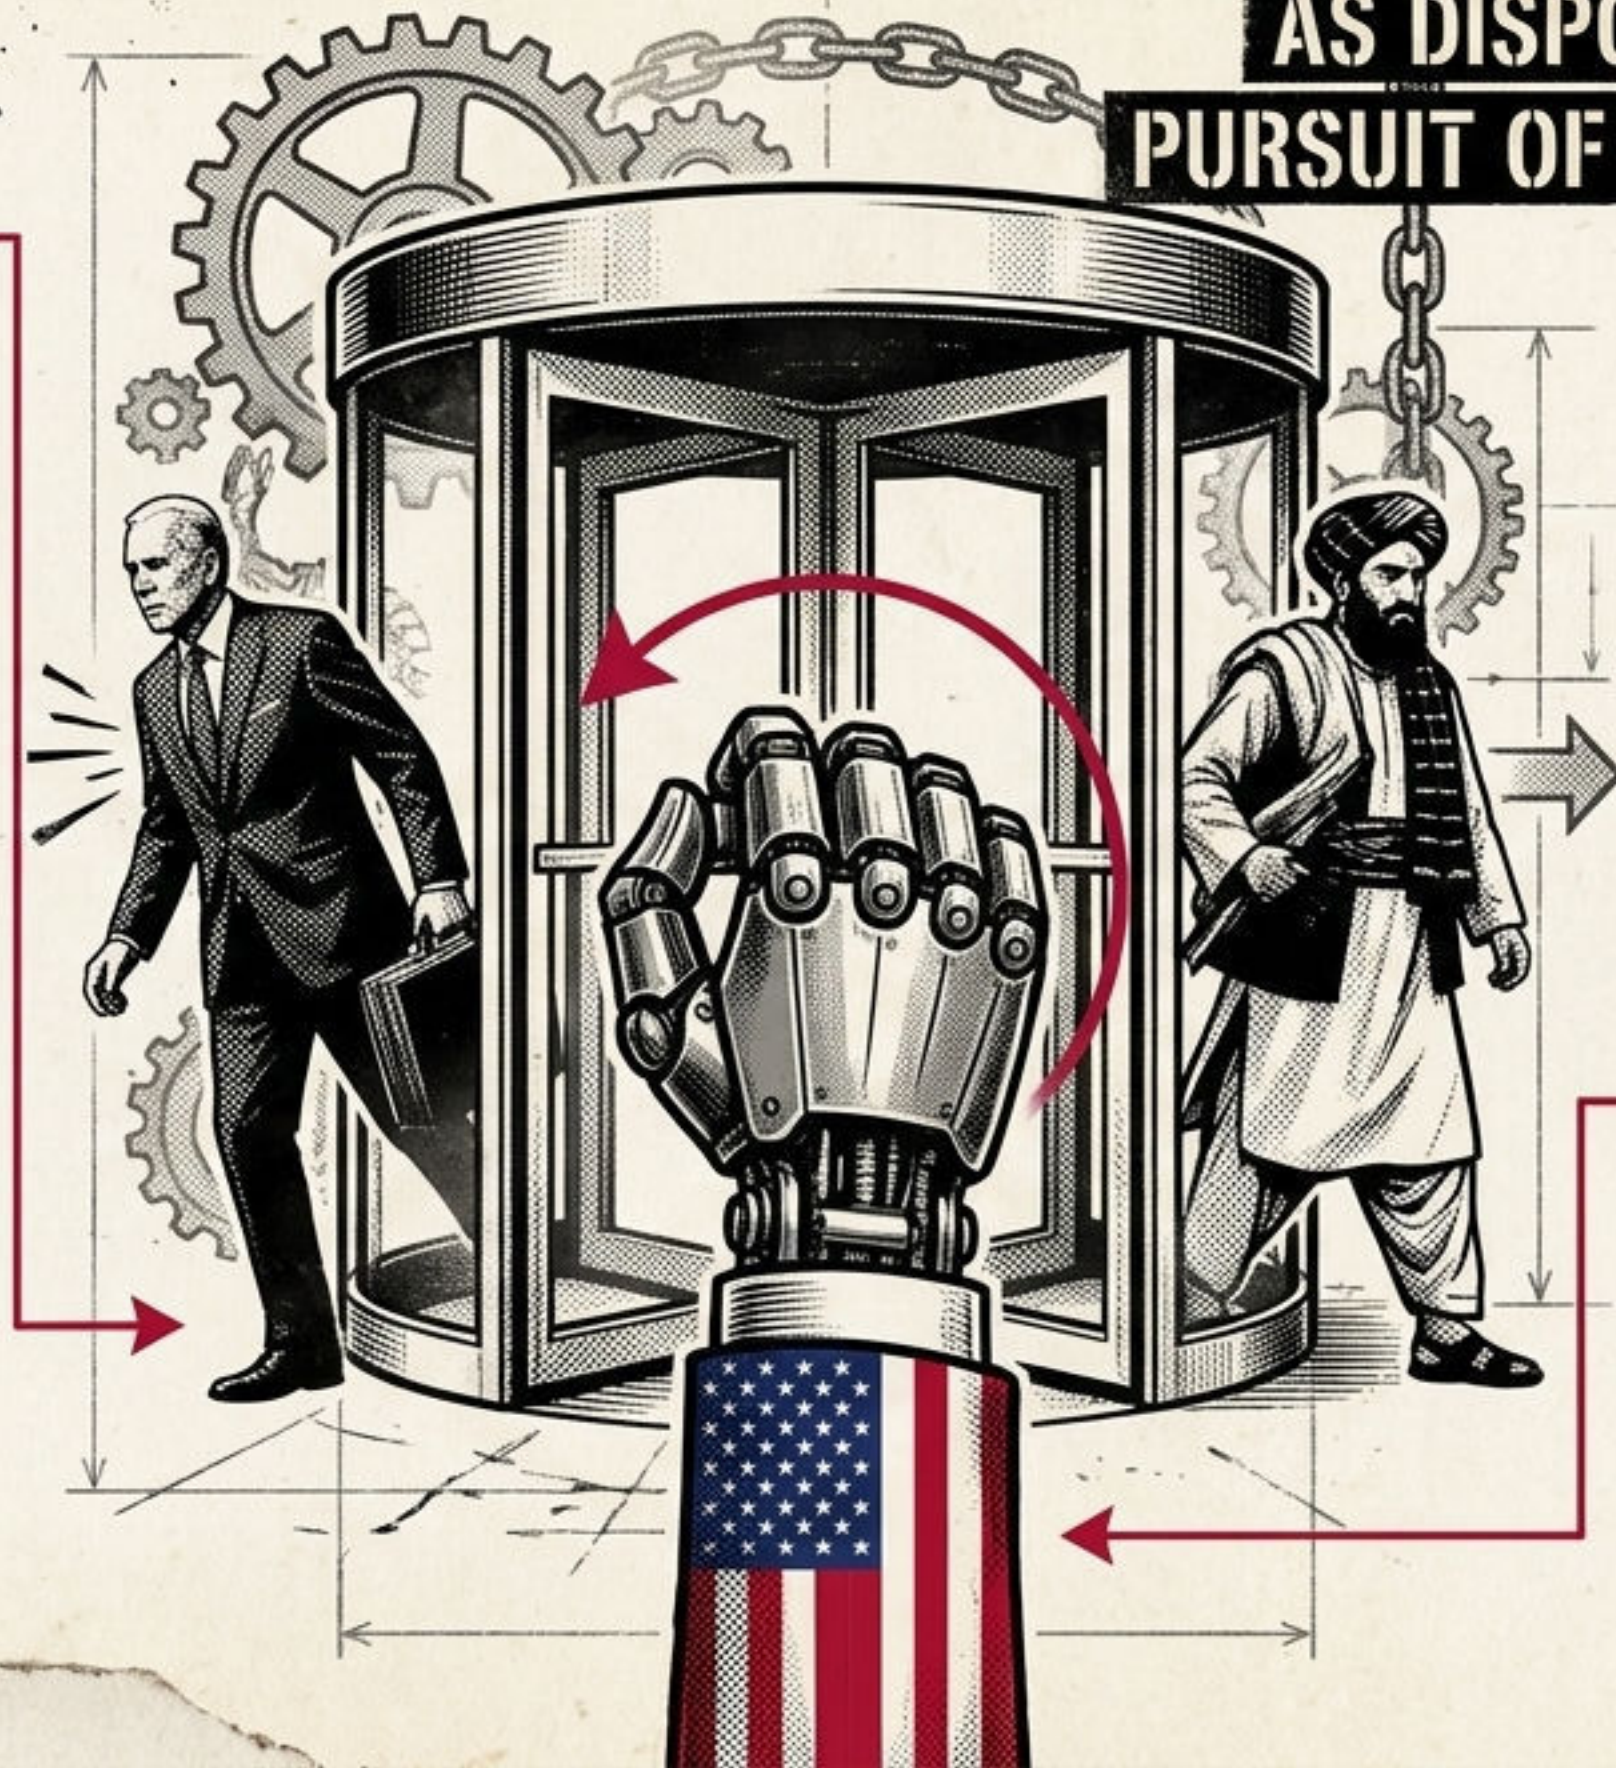

The ultimate contradiction: toppling sovereign governments only to place previously wanted terrorists into power as newly minted leaders.

**REGIONAL LEADERS ARE TREATED
AS DISPOSABLE PAWNS IN THE
PURSUIT OF WESTERN EFFICIENCY.**

THE RHETORIC VS THE REALITY

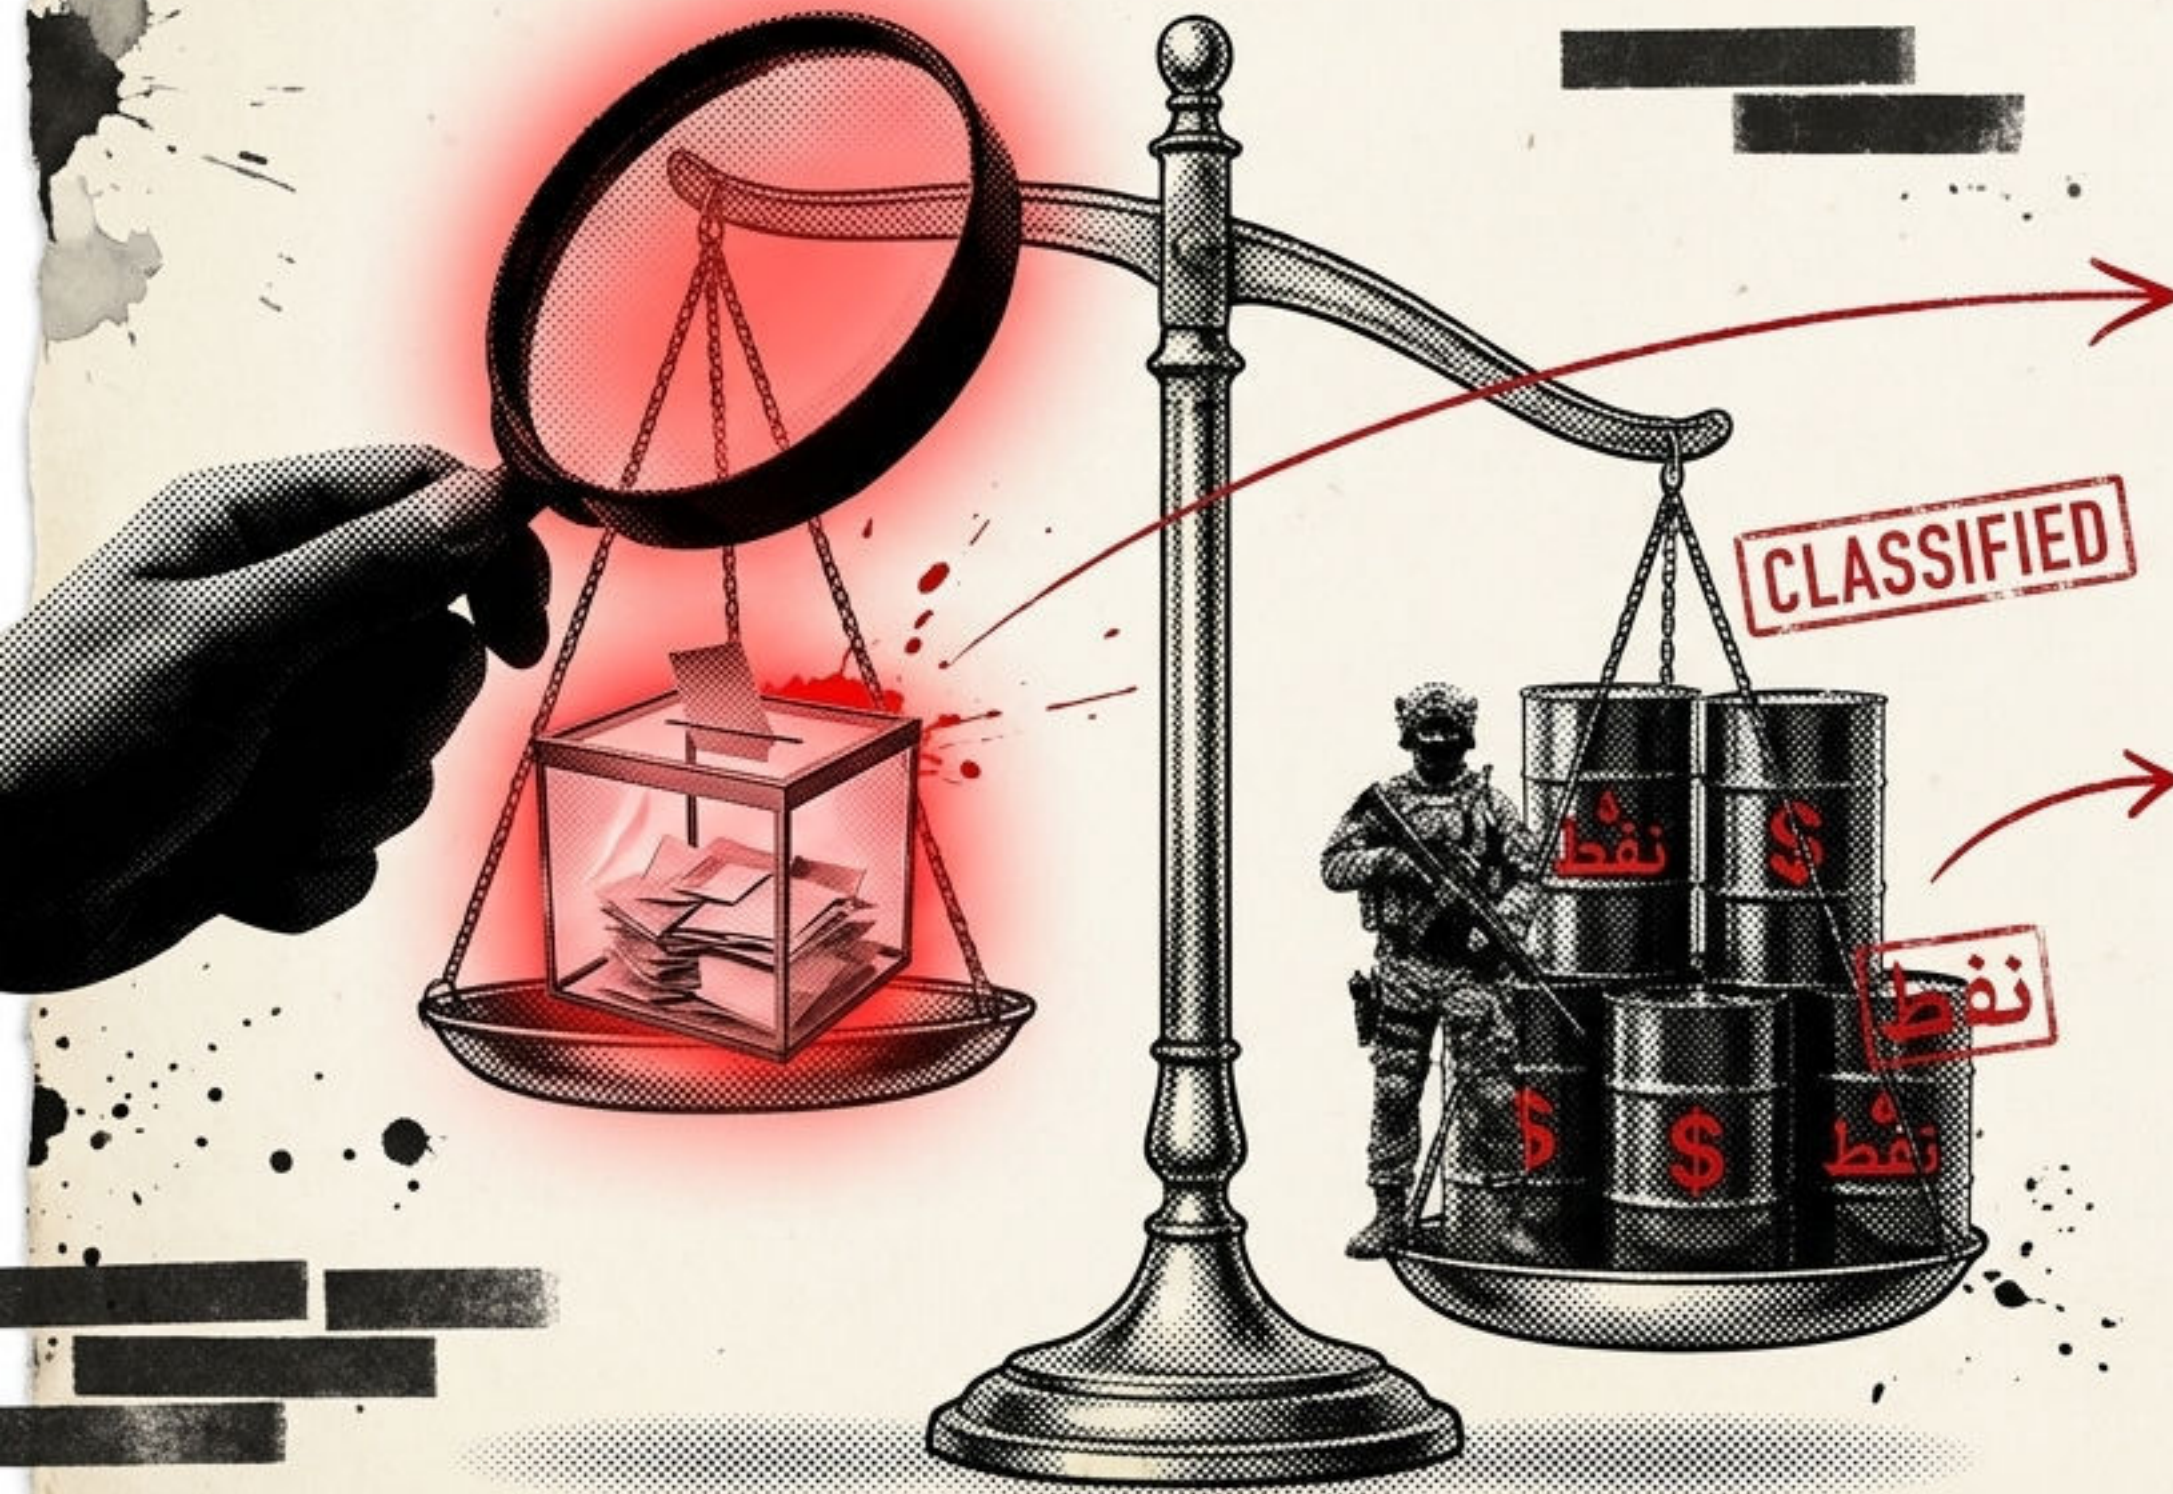

The West loudly champions democracy and the sanctity of elections. Yet, in Afghanistan, they deliberately installed Ashraf Ghani, only to abruptly facilitate his removal and the return of the Taliban to power.

THE TRUE METRIC

The genuine Western criterion is never the democratic process. The sole, uncompromising criterion is "efficiency for Western interests."

Human rights are treated as a punitive commodity,
weaponized against adversaries but never wealthy allies.

SCRUTINY OF ADVERSARIES

Elections in Iran are placed under an intense magnifying glass of international criticism and relentless scrutiny.

IMMUNITY OF THE 'MILKING COW'

Regional Western partners, such as Saudi Arabia, have never held an election, yet face absolutely zero democratic pressure.

THE REALITY

Human rights are a commodity—sold and leveraged only against enemies, never against economic allies.

THE ULTIMATE PARADOX OF THE FIFTH COLUMN IS DEMANDING THE BOMBARDMENT OF THE MOTHERLAND IN THE NAME OF PATRIOTISM.

THE MERCENARIES

Specific individuals operating domestically and abroad function as active mercenaries, lobbying Western powers to "liberate" Iran through the imposition of crippling sanctions and direct military strikes.

THE REALITY CHECK

These individuals constantly speak of patriotism, yet true patriotism fundamentally contradicts inviting foreign bombardment and economic devastation upon one's own homeland.

HISTORICAL CRISES REVEAL THE TRUE NATURE OF THOSE WHO CLAIM TO BE PATRIOTS

THE CRISIS

When Saddam Hussein invaded Iran, fueled by foreign backing, a clear line was drawn in the blood of thousands.

THE ABSENCE

Where were the Pahlavi family and self-proclaimed patriots during this existential threat? What actions did they take to defend the occupied territories?

THE VERDICT

Their absolute silence and inaction in the face of foreign aggression permanently revealed their true nature to history.

THE STRATEGIC DECORATION OF CRIMES RELIES ON APPLYING BEAUTIFUL TITLES TO DESTRUCTIVE ACTIONS.

LINGUISTIC DECEPTION

THE REALITY

THE FACADE

WAR

PEACE

HEGEMONY

FREEDOM

SANCTIONS

HUMAN RIGHTS

THE CORE STRATEGY

These geopolitical contradictions stem from a single root: the deliberate decoration of demonic deeds. The ultimate deception occurs when the architects of destruction adopt the posture of "reformers."

CLASSIFIED

THE ULTIMATE GOAL OF THE SOFT WAR IS SEVERING NATIONS FROM DIVINE GUIDANCE TO IMPOSE MODERN SLAVERY.

THE OBJECTIVE:

To actively remove human beings from the protection of their foundational values and divine guidance (Habl al-Matin) through psychological word games.

THE RESULT:

Dragging untethered nations under the yoke of hegemony and modern ideological slavery.

THE DEFENSE:

Absolute vigilance against this media deception remains the only viable path to salvation.

CLASSIFIED

THE DEFENSE OF TRUTH STANDS ON THREE PILLARS AGAINST GLOBAL DECEPTION.

ANTI-HEGEMONY

Standing firm against international aggressors, in stark contrast to false patriots who beg for military intervention.

ANTI-TERRORISM

Actively shedding blood to defeat ISIS on the ground, while the West architected and funded their creation.

TRUE GUARDIANSHIP

Saving millions of lives domestically through the absolute prohibition of destructive substances like alcohol and narcotics.

CLASSIFIED

**INSIGHT IS THE ULTIMATE SHIELD
IN AN ERA DEFINED BY SOFT WAR
AND DECORATED ACTIONS.**

THE FINAL TRUTH

The architects of hegemony will always decorate their actions to obscure the truth. Their weapons are not just bombs, but beautiful names masking demonic deeds.

THE CALL TO INTELLECT

Those armed with insight (Basirat) refuse to be deceived. They pierce the rhetoric, reject the facade, and judge only the true material nature of the actions.
